

Potential Critical Contingency Termination

Date:	17 February 2023
Time:	15:00
Notice Number:	CC-077
Notice Type:	Termination of Potential Critical Contingency
Notice Issued to:	Firstgas TSO
Notice Copied to:	Stakeholders listed in the CCO Information Guide
Current Status:	<p>Firstgas has inspected and stabilised the exposed section of the Transmission pipeline affected by a landslip near Gisborne.</p> <p>The pipeline is now considered secure, and the operating pressure is being returned to normal.</p> <p>The current Potential Critical Contingency status has therefore been terminated.</p>
CCO Instruction to TSO:	Issue notice of Termination of Potential Critical Contingency to Large Consumers and Retailers as soon as possible and ensure an appropriate critical notice is posted on OATIS.

This notice is issued in accordance with the General Critical Contingency Notice Conditions contained in the CCO Information Guide, CCO Communications Plan and Firstgas CCMP.

The CCO will issue advice of this Notice of Termination of Potential Critical Contingency to the stakeholders listed in the CCO Information Guide and publish this notice in the public domain of the CCO web site at <https://www.cco.org.nz/current-event/>
